## What We Do

With more than 25 years of experience as a key player in the Tech industry, XTGlobal, Inc. is a strategic provider of Business Consulting, IT solutions, and Outsourcing services designed to maximize organizational efficiency. We offer end-to-end development services as well as emerging IT technologies to clients globally. Having partnered with technology majors like Oracle, Microsoft (Azure), and Amazon (AWS), XTGlobal develops tailored IT solutions in both On-Premise and Cloud-based environments for Implementations, Migrations, Upgrades, Application Development, Integrations, and Analytics. With innovative, agile, and tactical approaches and use of latest technologies like Low-Code Application Development and Robotic Process Automation, XTGlobal aims to provide organizations with the ability to transform digitally with ease. XTGlobal, under the Circulus brand, also offers Accounts Payable Automation and Process Outsourcing solutions that are based on automation engines which convert routine, time-consuming tasks into dynamic workflows.
